Aspiring DevOps & Systems Engineer

Computer Science graduate with a strong foundation in backend development, microservices architecture, and IoT systems, currently transitioning into **DevOps and Cloud Infrastructure**. Hands-on experience engineering decoupled systems using **Node.js, FastAPI, Docker, and REST APIs**, alongside machine learning pipelines and real-time Socket.io integrations.

Technical Skills

- **Languages:** Python, JavaScript, C/C++, HTML, CSS
- **Backend & Tools:** Node.js, Express.js, FastAPI, REST APIs, Socket.io, MongoDB
- **DevOps & Cloud:** Docker, Git, GitHub Actions, CI/CD, Linux, Shell Scripting
- **Machine Learning:** scikit-learn (KNN, PCA, GridSearchCV), Pandas, NumPy
- **Hardware / IoT:** ESP32, Arduino, Sensor Systems (FSR, Ultrasonic)

Experience

Final Year Project Developer

Fall 2022 – Spring 2026

GIFT University, Gujranwala, Pakistan

- Engineered a microservice-based architecture decoupling a **Node.js/Express core backend** from a dedicated **FastAPI ML inference service**.
- Built an ML pipeline processing sensor data from a 3x3 FSR grid using **StandardScaler, PCA, and GridSearchCV-optimized KNN**.
- Implemented real-time alerts using **Socket.io** and delivered a cross-platform **React Native** mobile interface.

E-Commerce & Digital Operations Intern

Seasonal

Daraz Store / Independent, Remote

- Managed store workflows, product listings, and dynamic pricing strategies.
- Executed targeted Instagram business campaigns and Meta Ads to optimize reach and user engagement.

Projects

- **Posture Aware: Smart Chair** (Node.js, FastAPI, React Native, MongoDB) - Integrated third-party APIs including Stripe payments, Firebase push notifications, and AI interactions. Handled real-time posture classification, JWT authentication, and historical analytics tracking.
- **Smart Dustbin System** (ESP32, Ultrasonic Sensors, C++) - Automated lid mechanism and real-time waste level tracking with alert notification triggers.

Education

- **Bachelor of Science in Computer Science (BSCS)** - GIFT University, Gujranwala (2022 – 2026) | CGPA: 2.63
- **Cambridge O-Levels** - The City School, Gujranwala (Graduated 2020)

Certifications & Extracurriculars

- **Harvard HSIL Hackathon Participant** – Certificate of Participation (GIFT University, April 2026)
- **Medium of Instruction (MOI) Certificate** – Verified English Medium Instruction Degree
